Notes:

- Prices are in AUD and include GST.
- Prices are based on incoming raw fleece weight for both huacaya and suri alpaca fibres. Processing of other fibres and blends is subject to quotation.
- Clients should generally expect processing loss of 20-30 per cent of the original weight, depending on the quality and condition of the fleece.
- Freight or postage is available at additional cost.
- Processing quotations available upon request.
- Recommended minimum weight is 1kg for yarn and 2kg for rovings and batts.
- Heavily contaminated (vegetable matter), or moth/bug/rodent damaged fleece will be disposed of, or returned at your expense.
- Full payment is requested within 7 days of your product being dispatched.
- We offer free advice on processing your quality fibre. Call Tanya to discuss your processing needs.
